PRAVEEN DIXIT I.P.S.
DIRECTOR GENERAL OF POLICE

Dear Shri Rebeiro,

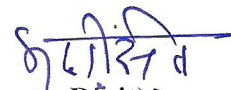

We are grateful for your letter dated March 30, 2016 and the suggestions given in the interest of discipline, morale and the emotional, mental and physical health of policemen.

The suggestions given are being considered at the appropriate level. As far as suggestions for Computerizing and digitalizing of the Police Station functioning is concerned it is informed that the CCTNS programme is being implemented in all the Police Stations in the State of Maharashtra.

Under the Maharashtra State Police Kutumb Arogya Yojana 27 ailments and 5 serious ailments are being treated in reputed Private Hospitals for the officers and men of Maharashtra Police. CCTV cameras have been installed in several cities to detect Traffic Violations and State of the art control rooms have been started to detect the Traffic Violation and system of e- challan is being tried which will reduce the requirement of Traffic Policemen.

In addition, we have launched mobile app for social emergency for women; named 'Pratisaad'. The same is also available for all railway passengers in the form of helpline (railway police helpline) throughout Maharashtra. To obtain participation from people; scheme called Police Mitra is also in vogue & people can register for the same through mobile app 'Police Mitra Maharashtra.'

Regards,

Yours sincerely,

(Praveen Dixit)

Shri J. F. Rebeiro
